

NASEMSO HITS Committee Conference Call  
July 31, 2009  
1300 Eastern Time  
AGENDA ITEMS

- 402/408 funding survey status and non-responding states (NHTSA CA Deliverable-Gainor, Hise)
- **National Transportation Safety Board Report and Recommendations on the Mexican Hat Motorcoach Crash**

**To the Federal Highway Administration:**

Develop and implement, in conjunction with the American Association of State Highway and Transportation Officials and the National Association of State Emergency Medical Services Officials, criteria based on traffic patterns, passenger volume, and bus types that can be used to assess the risks of rural travel by large buses. Use this criteria as part of the SAFETEA-LU requirement to identify and select Highway Safety Improvement Program projects. (H-09-7)  
NTSB Highway Accident Report  
56

**To the American Association of State Highway and Transportation Officials and the National Association of State Emergency Medical Services Officials:**

Work with the Federal Highway Administration to develop and implement criteria based on traffic patterns, passenger volume, and bus types that can be used to assess the risks of rural travel by large buses. (H-09-8).
