Highway Incident & Transportation
Systems

Goals and Strategic Directions 2012

Goals and Strategic Directions

The **HITS Committee** of the National Association of State EMS Officials is committed to engaging NASEMSO on highway safety issues relevant to emergency medical services. By collaborating with our highway safety partners at the national and state levels, the HITS Committee's ultimate goal is to reduce the rates of death and disabling injury from motor vehicle crashes on our nation's highways.

Leadership refers to the role of state EMS offices as "lead agencies" for EMS as well as thoughtful leaders in public policy development. State EMS offices are looked to by the EMS community for guidance and approval, as well as regulation and licensure. NASEMSO works to support EMS officials nationwide in understanding and implementing processes that improve EMS practice and subsequent patient outcomes.

The **HITS Committee** supports leadership under these principle goals:

- Goal #1. Increase NASEMSO representation at national highway safety-related meetings.
- Goal #2. Recruit and engage HITS members to serve as active NASEMSO liaisons to various highway safety-related national committees and organizations.

Systems Development refers to the role of state EMS offices in the development of effective systems of emergency medical care. The growing national awareness of the importance of coordinated systems of care places NASEMSO squarely in a leadership role, demonstrating the need for state offices to coordinate the disparate functions that support effective systems. Such functions include Emergency Medical Dispatch (EMS), communications systems; regional asset coordination in daily operations and in natural and man-made disasters; EMS data collection, analysis and reporting; and ongoing review and refinement of systems operations.

The **HITS Committee** supports systems development under these principle goals:

- Goal #3. Educate State EMS Offices on effective collaboration with their respective state highway safety counterparts. Provide tools for use by State EMS Officials when interacting with highway safety colleagues and communities.

Quality Improvement or "QI" is the process of continually reviewing, assessing and refining practices to improve outcomes. The steps of developing an effective cycle of collecting high quality data, reviewing it in proven multidisciplinary processes, identifying strategies to implement needed changes and communicating them to all stakeholders are the key to QI success, and to subsequently improving patient outcomes.

The **HITS Committee** supports quality improvement under these principle goals:

- Goal #4. Promote the further use and application of EIRRA (EMS Incident Response & Readiness Assessment) for measuring preparedness for response to highway MCIs as well as other manmade or natural disasters. A tool that was initially completed and tested by NASEMSO in 2011, EIRRA has potential for much wider distribution and application in the broader highway transportation and emergency preparedness communities.
- Goal #5. Promote the concept of a model inventory for EMS similar to the model inventories of highway partners (MIRE, MMUCC, etc). Seek opportunities for further development of the MIECE Proof of Concept completed by NASEMSO in 2011.
- Goal #6. Support and promote the National EMS Information System (NEMSIS) in interactions with highway safety colleagues to ensure the adoption of data standards that maximize data sharing and lead to improvement in crash victim/patient outcomes.

The **HITS Committee** 2012 workplan will undertake strategies focused on the following issues:

- Recruit HITS Committee members to represent NASEMSO at national highway safety-related meetings and serve as established members of highway safety committees and organizations. Such representation is intended to mutually educate NASEMSO members and highway safety colleagues about each other's respective disciplines; build lasting professional relationships with highway safety peers; and promote cooperation in addressing mutual goals of saving lives and reducing debilitating injuries from motor vehicle crashes. [Goals 1 & 2]
- Educate NASEMSO members on the availability of opportunities for collaboration with state highway safety counterparts in their respective states. Develop "highway safety guide" on federal highway safety programs in all states including those where specific EMS components are required. Create tools for state EMS officials to use (power point presentations, talking points) when interacting with highway safety representatives. [Goal 3]
- Complete EIRRA Guidelines and distribute Guidelines and summary information at highway safety and EMS meetings. Seek opportunities to formally present EIRRA at EMS, highway safety, and preparedness meetings. [Goal 4]
- Complete MIECE Guidelines and distribute Guidelines and summary information at highway safety and EMS meetings. Seek opportunities to formally present MIECE at EMS, highway safety, and preparedness meetings. [Goal 5]
- Develop brief summary and/or talking points for "lay persons" on NEMSIS to be distributed at national highway safety meetings and for use by state EMS officials when participating in state highway safety meetings (TRCC, strategic highway safety planning). [Goal 6]

2012 Workplan

Goals, Objectives and Action Steps

Goal 1: Increase NASEMSO representation at national highway safety-related meetings.

Objective/Strategy:

Increase NASEMSO participation at national highway safety related meetings. Determine which meetings are most important to attend and identify members able to attend.

Task	Responsibility	Due Date	Done	Budget
Compile and maintain list of national highway safety meetings for 2012.	Mary Hedges	Jan - Feb 2012		
Distribute to HITS Committee and solicit members interested in attending.	Mary Hedges, Dennis Blair	Jan - Feb 2012		
Secure funding to support NASEMSO member travel to national highway safety meetings.	Dia Gainor, NASEMSO leadership	ongoing		

Task	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	done
Compile list of national highway safety meetings for 2011.													
Distribute meeting list to HITS Committee soliciting persons interested in attending.													
Seek travel funding for national meetings. (ongoing)													

Goal 2: Recruit and engage HITS members to serve as active NASEMSO liaisons to various highway safety-related national committees and organizations.

Objective/Strategy:

Recruit HITS members to serve as NASEMSO liaisons to various highway safety committees and organizations with the intent of assuring EMS is represented and not overlooked as national strategies are formed.

Task	Responsibility	Due Date	Done	Budget
Update/maintain list and descriptions of highway safety organizations/committees, indicating which need NASEMSO representation. Distribute to members, soliciting persons interested in representing NASEMSO.	Mary Hedges, Dennis Blair	Ongoing		
Update/maintain HITS Project & Partners document to provide current information on highway	Mary Hedges	Ongoing		

safety related projects with NASEMSO involvement. Publish on NASEMSO/HITS website.													
Task	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	done

○ **Goal 3:** Educate State EMS Officials on effective collaboration with their respective state highway safety counter parts. Provide tools for State EMS Officials' use when interacting with highway safety colleagues and communities.

Objective/Strategy:

Educate NASEMSO members on effective engagement with their highway safety colleagues at the state level. The intent is to foster productive working relationships so that EMS and highway safety officials can share strategies to optimize roadway safety, both prevention and emergency response. Create tools for state EMS officials to use (power point presentations, talking points) when interacting with highway safety representatives.

Task	Responsibility	Due Date	Done	Budget
Develop <i>highway safety guide</i> on federal highway safety programs in states, identifying those with EMS components.	Mary Hedges, Dia Gainor	Aug. 2012		Funding needed
Develop Power Point presentation for use by State EMS Officials when presenting to highway safety communities.	Mary Hedges, Dia Gainor	Aug. 2012		Funding needed
Create <i>Talking Points</i> for use by state EMS officials when interacting with highway safety colleagues.	Mary Hedges, Dia Gainor	Aug. 2012		Funding needed
Conduct session at Annual Meeting on effective collaboration with highway safety counter parts, distributing tools (guide, power point and talking points).	Mary Hedges, Dia Gainor, HITS Committee	Sept. 2012		Funding needed

Task	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	done
Develop Hwy Safety Guide, Power Point, Talking Points													
Distribute guide and educate members on importance of participation in hwy safety /transportation activities.													

Goal 4: Promote the further use and application of EIRRA (EMS Incident Response & Readiness Assessment) for measuring preparedness for response to highway MCIs as well as other manmade or natural disasters.

Objective/Strategy:

Complete EIRRA Guidelines and distribute Guidelines and summary information at highway safety and EMS meetings. Seek opportunities to formally present EIRRA at EMS, highway safety, and preparedness meetings.

Task	Responsibility	Due Date	Done	Budget
Develop EIRRA Guidelines for States and present to FICEMS	Dia Gainor	Dec. 2011	Yes	
Distribute Guidelines and summaries at relevant national, state and regional meetings.	Dia Gainor, Mary Hedges, HITS Members	ongoing		
Seek opportunities for EIRRA presentations at relevant national, state and regional meetings.	Dia Gainor, Mary Hedges, HITS Members	ongoing		

Task	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	done
Complete EIRRA Guidelines and present to FICEMS													Yes

Goal 5: Promote the concept of a model inventory for EMS similar to the model inventories of highway partners (MIRE, MMUCC, etc). Seek opportunities for further development of the MIECE Proof of Concept completed by NASEMSO in 2011.

Objective/Strategy:

Complete MIECE Guidelines and distribute Guidelines and summary information at highway safety and EMS meetings. Seek opportunities to formally present MIECE at EMS, highway safety, and preparedness meetings.

Task	Responsibility	Due Date	Done	Budget
Complete MIECE Guidelines and present to FICEMS	Dia Gainor	Dec 2011	Yes	

Task	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	done
Complete MIECE Guidelines and present to FICEMS													Yes

- **Goal 6:** Support and promote the National EMS Information System (NEMESIS) in interactions with highway safety colleagues to ensure the adoption of data standards that maximize data sharing and lead to improvement in crash victim/patient outcomes.

Objective/Strategy:

Develop brief summary and/or talking points for “lay persons” on NEMESIS to be distributed at national highway safety meetings and for use by state EMS officials when participating in state highway safety meetings (TRCC, strategic highway safety planning).

Task	Responsibility	Due Date	Done	Budget
Draft summary/talking points in non-technical language with assistance from Data Managers.	TBD (Mary Hedges, Data Managers?)	Sept 2012		
Publicize and distribute summary/talking points	Dia Gainor, Mary Hedges, HITS Members, Data Managers	Dec 2012		

Task	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	done
Draft summary/talking points.													
Finalize and distribute summary/talking points.													

Parked Issues – Numerous issues and strategies are on the council’s radar, but are currently parked due to various reasons – awaiting completion of dependant activities; currently no champions to assign this to; limited funding, etc.

As practical, these will be moved up into the 2012 workplan or carried into the next year.

Goal: Form an ambulance safety subcommittee or work group.

Objective/Strategy:

Form an ambulance safety subcommittee or work group to focus on increasing patient and provider safety in ambulance transport.

Task	Responsibility												Due Date	Done	Budget	
Evaluate interest in/need for ambulance safety subcommittee																
Task	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	done
